

QUALITY POLICY

Quality Statement – “Maximise the worth of the stakeholders by striving to achieve quality workmanship and total customer satisfaction.”

- We shall conduct our design and construction activities with clear focus on customer requirements and commitment to meet all the applicable statutory and regulatory requirements.
- To achieve the above, we shall continually improve the effectiveness of our Quality Management System throughout the organization.
- In our endeavor for total customer satisfaction, we will control costs, improve productivity and practice safety in all our activities.
- We have commitment to protect environment through education and spreading awareness within the organization and to the stakeholders.
- The above commitment will be strengthened by adopting a learning work culture and effective communication across the organization.
